

CAPACITY BUILDING FOR MIGRATION MANAGEMENT

Strengthening Migrant Integration through cooperation between Portugal and Cabo Verde – Coop4Int

About the Project

'Coop4Int' seeks to enhance the integration of migrants into the society of Cabo Verde, facilitating the development of tools and services provided locally to migrants and strengthening cooperation on migration issues between Portugal and Cabo Verde.

Partners

This MPF project is implemented by the Agência para a Integração, Migrações e Asilo (AIMA) of Portugal in collaboration with Alta Autoridade para a Imigração (High Authority for Immigration, Public Institute) of Cabo Verde, Instituto Universitário de Lisboa (ISCTE) and Instituto Politécnico de Bragança (IPB) in Portugal.

Countries

Cape Verde and Portugal

Time frame

December 2021 - May 2025

Budget

EUR 1,532,558.68 (94.42% from AMIF)

Activities

Reinforcing mechanisms of migrant integration

Aligning to the priorities of the National Immigration Strategy and 2018-2021 Action Plan for Immigration and Social Integration of Cabo Verde, this action will aim to reinforce the mechanisms of reception, regularisation and social inclusion of migrants, as well as develop instruments and local approaches on migration. This will be possible through the integrated action of central and local public entities, private services and civil society.

Capacity-building for Cabo Verdean authorities

The action will strengthen the capacity of Cabo Verdean authorities in migration management, enhancing the quality of services provided to migrants. It will also support the implementation of effective policies and measures for migrant integration, including localised approaches. Furthermore, study visits between Portugal and Cabo Verde will facilitate the exchange of best practices, ensuring that services are better adapted to migrants' needs.

Professional training for migrants in Cabo Verde

The action will also promote social inclusion mechanisms by supporting access of immigrant residents in Cabo Verde to vocational training in various fields, aiming to promote their professional qualification, increase their level of employability and facilitate access to the labour market.

Reinforcing the knowledge about migration in Cabo Verde

The production, systematisation, and dissemination of data regarding migration in Cabo Verde will be enhanced by developing studies and promoting awareness-raising campaigns fostering tolerance of migratory processes and preventing and combating discrimination. With the aim of collecting, analysing and disseminating information on the evolution and specificities of Cabo Verdean emigration in the world and immigration in Cabo Verde, the partners will also establish a Migration Observatory. This will contribute to the definition and evaluation of better informed public policies in these areas.

Implemented by

The Migration Partnership Facility

Migration Partnership Facility

This project is awarded and contracted in the framework of the Migration Partnership Facility (MPF), an EU-funded initiative implemented by ICMPD in support of the external dimension of the EU migration policy. Through its grants, the MPF allows the execution of projects aimed to strengthen dialogue and cooperation on migration and mobility between Member States and partner countries outside the EU.

Funded by the European Union
